

Dear Feeding America,

Christians in Communications (CIC) is an organization that seeks to fellowship in and share the “Good News” of Jesus Christ with everyone in the telecommunications industry. In conjunction with industry events, Christians in Communications typically gives back to the communities we visit during meetings and conferences. With the advent of the pandemic and industry events moving online, CIC will take a new approach and looking for opportunities for our Members to participate in service in CIC’s (Jesus’) name.

I am contacting you to offer my services, in Jesus’ name, at your facility.

Can we discuss how and when I can best be of service to you?

Sincerely,
